

Security that shows up

When your alarm activates, Guard Response gets to work.

With a quick tap in HomeControl2.0, you can dispatch a professional SIA-approved guard straight to your property.

Fast, calm and trained to respond, they're there to check over your home or business and help protect what matters most.

Why Guard Response?

- On-site response within 30 minutes
- Live updates sent straight to your phone
- Professional, SIA-approved guards
- 24/7 year-round coverage
- Affordable, easy subscription

How it works

- Call out a guard in seconds, straight from your HomeControl2.0 app
- Nominate trusted contacts to act on your behalf
- Get real-time updates so you're always in the loop
- Get a detailed report to see who came, what happened and when
- No arrival in 30 mins? You keep your callout credit.

No hassle. No confusion. Just smart protection that fits in your pocket.

Who's it for?

- Homeowners - protect your family and property
- Business owners - safeguard assets 24/7
- Travellers - extra peace of mind while you're away

No matter your setup, Guard Response adds a powerful new layer to your protection.

Easy subscription

- Choose monthly or annual

- Includes 2 callouts per year

Take the next step with your security
